

# Syringe Services Programs in Maryland

Last updated September 2020

(hours reflect temporary changes in schedules due to COVID-19 precautions)

## Maryland Syringe Service Program Development

The image above illustrates where syringe services programs (SSPs) are currently approved to operate in Maryland. This guide only includes information about jurisdictions where SSPs are currently operating (those in green). Other jurisdictions may offer other harm reduction services besides SSP.

## **IMMUNITY FROM PROSECUTION FOR SSP AFFILIATES**

MD Health-Gen Code § 24-908 (2016)

- (a) Immunity from prosecution. A program staff member, Program volunteer, or Program participant may not be arrested, charged, or prosecuted for violating § 5-601, §5-619, § 5-620, or § 5-902(c) or (d) of the Criminal Law Article for possessing or distributing controlled paraphernalia or drug paraphernalia whenever the possession or distribution of the controlled paraphernalia or drug paraphernalia is a direct result of the employee's, volunteer's, or participant's activities in connection with the work of a Program authorized under this subtitle.

## **ESTABLISHING A NEW SSP**

Local health departments and community-based organizations throughout Maryland can apply to become an authorized Syringe Services Program, whether there is already an existing program in their jurisdiction or not. Visit [bit.ly/MDHaccessHR](http://bit.ly/MDHaccessHR) for more information.
